### DOROTHY WILL MARRY AS SOON AS DIVORCED

Woman in the Case Acquitted But Will Marry the Yoga Cult Prophet

Seattle, Wash., Oct. 18.—Mrs. Dorothy Alden Gerber, the grand opera singer, has announced that she will marry Rajna M. DeBit, former head of the Christian Yoga cult, with whom she was tried here last week on a statutory charge and acquitted.

The wedding, she says will take place as soon as possible after she is divorced from Dr. Rudolph H. Gerber of San Francisco.

Mrs. Gerber declares that she and DeBit intend to remain here and open a school of philosophy and art at Beaux Arts, across Lake Washington.

She is to teach voice culture and music. DeBit will be an instructor in philosophy. Frank Culvert, an artist, will have charge of instruction in painting.

Dr. Gerber has already started suit for divorce in San Francisco and Mrs. Gerber had an action started here which was dismissed because she had not established a legal residence in this state.

#### RING CONTEST TONIGHT

Vancouver, B. C., Oct. 18.—Johnny O'Leary, lightweight champion of Canada, concluded his training Saturday for his battle here tonight with Patsy Drouillard, champion of eastern Canada for the lightweight title of the Dominion. The bout will go 12 rounds.

Drouillard has decisions over Jimmy Duffy of Buffalo, Leach Cross and Knockout Brown and draws with Joe Mandot, Milburn Saylor and Johnny Griffith.

#### WOMAN TENNIS CHAMPION

San Francisco, Oct. 18.—San Francisco tennis enthusiasts today were anxious to see the national woman champion, Miss Molla Bjurstedt, in exhibition matches, following the initial pep at her playing yesterday.

Miss Bjurstedt appeared with Maurice McLoughlin in a doubles match. She displayed a powerful forehand drive, and a backhand of the same style as Morris Williams. She apparently has a point winning drive in each hand.

#### NEW TODAY

"Rover" Knew Mr. Farnum as John Stanley, Refused to Recognize Him as Demarest.

In the William Fox production of "The Wonderful Adventure," in which William Farnum is starred the actor plays a role which is in reality two parts as it deals with a dual personality. The drama, which is from the pen of the noted author, Captain Wilbur Lawton is mainly based upon the "Jekyll and Hyde" characters of John Stanley, the young engineer, and Demarest, the drug fiend who resembles him so closely that it is next to impossible to tell them apart.

The action of the play requires that John Stanley be possessed of a faithful collie dog, his companion and only friend. When Stanley meets Demarest, the dog, with canine intuition, discerns the subtle taint of evil that hangs about Demarest. Several dogs were tried, but they were all equally friend-

ly with Mr. Farnum, both in the character of Stanley and Demarest. At last, however, "Rover," a magnificent collie from the famous kennels of J. P. Morgan, was tried. The dog showed marvelous intelligence. When Mr. Farnum, as Stanley, was in the scene, Rover could not be demonstrative enough in his affection. When, however, the actor passed to the role of Demarest, Rover's disposition changed entirely. He seemed to sense what was required of him. He snarled and the hair on his neck rose ominously. It was actually dangerous for Mr. Farnum to approach him; yet, when the scene was over, and Mr. Farnum "emerged" from his character, the four-footed actor was as friendly as ever. It was one of the most remarkable examples of canine sagacity on record. Rover now earns his master, James M. Allen, of The McAlpin, New York City, a good living and the cost of his services has risen from five to ten dollars a day.

#### TREE 1350 YEARS OLD.

Portland, Or., Oct. 18.—The finding of a Douglas fir tree estimated to be 1350 years old in the Olympic mountains of western Washington is reported today in the official district bulletin of the forestry department.

If the age of the tree is correct, it is one of the oldest of any variety in the world.

A forest ranger located the tree.

#### SPECULATE OVER KICKERS

Chicago, Oct. 18.—The kicking strength displayed by several of the big nine conference eleven in Saturday's games today caused speculation as to the probable outcome of the western conference race.

The principal feature of the week end games was the kicking of Iowa. With a goal kicker like Davis, and with Gross, Garretson and Barron in addition, the Hawkeyes loom up as one of the biggest stumbling blocks in the path of Chicago, Wisconsin, Minnesota and Illinois, the strongest contenders for the conference title.

Illinois' narrow escape from defeat at the hands of Ohio shows the Illinois the weakest of the leading quartet. It was the consensus of opinion here today that Coach Zuppke will have to put more power into his machine to stand a chance.

#### CITY NEWS

A. E. Adams, editor of the Woodburn Independent is in the city. He states that the school board has selected a site for the new school building on East Lincoln street and that the directors expect to decide on the plans for the new school within a short time.

At the regular weekly meeting held this morning of the Salem Ministerial association, the Rev. T. B. Ford, recently appointed superintendent of this district of the Methodist church, was admitted into membership. A paper on "The Causes of the European War" was read by Dean Alden of the Willamette university, followed by a general discussion. The Rev. Kennedy who has charge of the Indian work of the Presbyterian church on the Pacific coast, asked for the co-operation of the association in the revival which he will inaugurate at the Chemawa Indian school.

The Rev. James Elvin, pastor of the First Congregational church, had the pleasure of addressing an audience last evening that filled the church to the utmost, on Germany and the present war. This was the first of a series of six lectures to be given Sunday evenings by Mr. Elvin on the several countries engaged in the war and the special characteristics of each nation. Mr. Elvin was well fortified with statistics and historical information regarding the progress made by the German na-

HOUSE FURNISHERS

### Company Quit Without Knowing Why It Did

Washington, Oct. 18.—The Pacific Mail Steamship company today stood accused by Secretary of Commerce Redfield of having closed down its business without getting from the commerce department an interpretation of the LaFollette act, which it blamed for its quitting the Trans-Pacific trade.

Redfield held that the act was subject as such regulations by the department that it could have been met by the company without inconvenience or loss. He held their business was profitable, and that their stock values increased after the act passed.

#### HIS LAST HOPE GONE

Salt Lake City, Utah, Oct. 18.—Joe Hillstrom, I. W. W. representative, under reprieve from a death sentence from killing a grocer and his son was today re-sentenced by the district court to be shot by the state firing squad November 19.

#### WOMAN WON HER FIGHT.

Seattle, Wash., Oct. 18.—Many offers of aid have been extended today to Mrs. Sarah Bigelow who refused to be ejected from her mortgaged home and backed up her refusal with a rifle when deputy sheriffs came to eject her. Many persons have shown willingness to lift her mortgage or buy her property. Her game fight won her a respite from the court and she will have until next May, the right to redeem the mortgage.

#### LOOKING FOR GERMAN CRUISER

Galveston, Texas, Oct. 18.—A British cruiser is combing the Gulf of Mexico for the German yacht Two Sisters, which left here two months ago and has since been raiding British commerce, according to Havana dispatches this afternoon.

# This Is Edison Week

The whole country is celebrating Mr. Edison's great achievements this week.

Just 10 months after the greatest fire in the history of New Jersey, he has rebuilt a group of gigantic factories that are capable of 100 per cent increased production in Diamond Disc Phonographs and Records.

This week—October 18-23—in Salem and throughout the United States is to be known and celebrated as "Edison Week." Thursday, October 21, will be known as "Edison Day," in commemoration of Edison's completion of his invention of the electric lamp.

Because of the many blessings which he has given to humanity, Mr. Edison occupies a pre-eminent position among the world's inventors. The world owes to his inventive power the Incandescent Lamp, Motion Pictures, and important improvements in the Telegraph and the Telephone. And now, after four years of continuous study and research, Mr. Edison has given to the world the Perfected Phonograph.

Music lovers have long awaited the day when music could be recorded upon the phonograph in such a manner that all the artistic qualities which distinguish the artist could be preserved and faithfully reproduced. With the perfection of the New Edison Diamond Disc Phonograph, this result has finally been accomplished. As the inventor himself expresses it, it has made possible, upon the phonograph, "real music at last."

In Salem, the genuine Edison Talking Machines and Records are demonstrated and sold by Geo. C. Will. His store is the only place you can hear these wonderful instruments in special demonstration this—Edison—week, and every week.

Come in. Take a look at the New Edison Diamond Disc Phonograph and listen to its marvelous reproductions of the world's greatest artists.
